Titebond
THE PRO'S ADVANTAGE

titebond.com | 800.347.4583

771-STEP ADHESIVE, SOUND & MOISTURE CONTROL

Combines the superior properties of a moisture cure adhesive with the ability to be used as a moisture and sound control system, primarily for wood floor installations.

- Unlimited moisture control protection
- Rapid strength development
- Spreads & cleans up easily

size	item #	units/case	cases/pallet
.75 Gallon Pouches	7713	4	48
20 Oz Sausage	7712	20	45
3.5 Gallon Pail	7719	1	36

771-STEP POUCHES & SAUSAGE PACKS

Light, easy-to-open packages that offer faster installation with less mess. Perfect for small and large jobs.

821-STEP ADHESIVE, SOUND & MOISTURE CONTROL

Combines the superior properties of a moisture-cure adhesive with the ability to be used as a moisture and sound control system.

- Unlimited moisture control protection
- Excellent green grab & strength
- Provides long open working time

size	item #	units/case	cases/pallet
3.5 Gallon Pail	8319	1	36

811 ADVANTAGE URETHANE

Ideal for the installation of all wood parquet, engineered and solid plank flooring and cork underlayment.

- Excellent strength development
- Non-slump formula to reduce hollow spots
- For use with Titebond Moisture Control Systems

size	item #	units/case	cases/pallet
.75 Gallon Pouches	2773	4	48
20 Oz Sausage	2774	20	44
3.5 Gallon Pail	2779	1	36

811 POUCHES & SAUSAGE PACKS

Light, easy to open packages that offer a faster, cleaner installation. Perfect for small and large jobs.

801 PREFERRED URETHANE

Designed for the installation of all engineered wood flooring.

- Trowels easier than other urethane adhesives
- Moisture, mold & mildew resistant
- Long open time

size	item #	units/case	cases/pallet
3.5 Gallon Pail	8109	1	36

991 PROVANTAGE

Advanced VOC-compliant solvent-based wood flooring adhesive.

- Superior green grab & strength
- Trowels and cleans up easily
- Best for use in new construction

size	item #	units/case	cases/pallet
3.5 Gallon Metal Pail	8179	1	36

231 SELECT

An acrylic polymer wood flooring adhesive that is ideal for the installation of engineered wood flooring.

- Easy cleanup
- Minimizes hollow & popping spots
- Excellent strength development

size	item #	units/case	cases/pallet
3.5 Gallon Plastic Pail	3919	1	36

531+ MOISTURE CONTROL SYSTEM

Solves the transfer of moisture through concrete subfloors to wood flooring by reducing the transmission rate.

- One-coat application for total protection
- Fast cure, same-day installation of wood or resilient
- No moisture limitation for wood

size	item #	units/case	cases/pallet
1 Gallon - Mixed	1296	1	44

675 LVT FLOORING

A low-odor acrylic polymer adhesive designed to produce a strong tenacious bond to oily or highly plasticized LVT products.

- Extra strength for hard-to-bond LVT
- Aggressive initial grab
- Can be rolled for pressure-sensitive applications
- LEED V4.1 certified

size	item #	units/case	cases/pallet
4 Gallon Plastic Pail	9254	1	36
1 Gallon Plastic Pail	9256	4	30

720 CONTRACTOR GRADE MULTI-PURPOSE

Ideal for carpet, sheet resilient, and cork underlayments.

- Good handling properties
- Water resistant
- Fast tack

size	item #	units/case	cases/pallet
4 Gallon Plastic Pail	9204	1	36

780 PREMIUM MULTI-PURPOSE

An environmentally superior latex flooring adhesive with fast tack and a strong permanent bond for LVT, carpet, VCT, cork, rubber tile, and felt-backed resilient sheet goods.

- Fast tack with easy handling properties
- Can lay floor in 10-15 minutes
- LEED V4.1 certified

size	item #	units/case	cases/pallet
4 Gallon Plastic Pail	9434	1	36
1 Gallon Plastic Pail	9436	4	30

920 CLEAR THIN SPREAD TILE

An environmentally safe, pressure-sensitive, acrylic latex flooring adhesive for the installation of vinyl composition tiles.

- Quick grab
- Water resistant
- High moisture resistance

size	item #	units/case	cases/pallet
4 Gallon Plastic Pail	9234	1	36

TONGUE & GROOVE

A premium wood glue that passes the stringent ANSI Type II water resistance test.

- Water resistant
- Long shelf life
- Easy cleanup

size	item #	units/case	cases/pallet
16 Oz Bottle	2104	12	100

WOOD FLOORING TAPE

Based on proprietary adhesive technology, it provides a strong, permanent bond to nearly any subfloor material, including concrete, primed lightweight concrete and plywood.

- Ideal for all flooring types, vertical flooring & paneling
- Strong initial tack
- Reduces time nailing and filling holes

size	item #	units/case	cases/pallet
1 Roll (2" x 40')	16320	12	45

URETHANE REPAIR

A quick-curing, two-part urethane system that enables contractors to repair loose or popping areas in a finished floor.

- No visible defects from repair
- Easy-flow adhesive
- Contains no water and will not distort wood

size	item #	units/case	cases/pallet
Cartridges	10003	12	140
1 Dispensing Gun	17872	1	n/a

SAUSAGE GUN

A professional-grade sausage gun designed specifically for installing wood/resilient flooring.

- Heavy duty construction
- Aluminum barrel
- Double grip plates for a long life

size	item #	units/case	cases/pallet
20 Oz Sausage Gun	17844	1	30

TROWELS

Ensures the most successful and cost effective installation possible.

- Sturdy with a comfortable hand grip
- Variety of notch configurations for specific adhesives

size	item #	units/case	cases/pallet
1/4" w x 3/16" d V-notch (saw tooth)	17882	8	65
3/16" w x 1/4" d x 1/2" c-c (or 5/16" space) V-notch	17884	8	65
3/16" w x 3/16" d x 3/16" c-c Square-notch	17886	6	160
1/16" w x 3/16" d x 5/64" c-c U-notch	17889	6	112
3/16" w x 1/4" d x 11/16" c-c (or 1/2" space) V-notch	17929	8	65
